VIVE PRODUCTS FOR SOYBEAN GROWERS

✓ Fertilizer Compatible

✓ No Extra Equipment Required

✓ Allosperse® Delivery System

MAXIMIZE YIELD POTENTIAL FOR SOYBEANS

AZteroid® FC 3.3 is a fast acting, broad-spectrum fungicide that provides a boost to plant health, with extended greening and improved root nodulation. The new high concentration formulation reduces the number of jugs to handle, triple rinse and recycle.

PROTECTION TYPE

Fungicide

DISEASES CONTROLLED

**Rhizoctonia diseases,
Southern blight**

APPLICATION

Soil or Foliar

Added plant health benefits:

- + Better root health
- + Better stand
- + Maximize yield

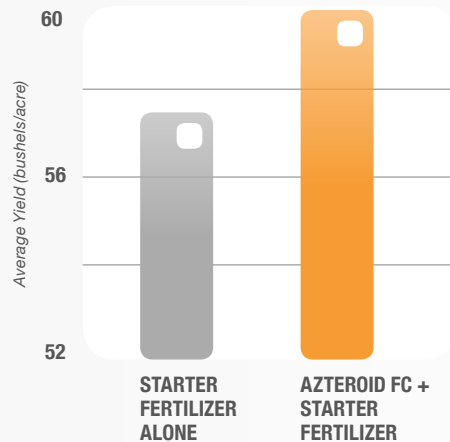

Starter fertilizer alone

AZteroid FC 3.3 and starter fertilizer in-furrow application

YIELD RESULTS

Trials conducted throughout IN, IA, IL

Average yield increase across all trials =
2.6 bu/ac

FERTILIZER-COMPATIBLE CONTROL OF IMPORTANT BELOW-GROUND INSECTS

Get soybeans off to a strong start with **Bifender® FC**. It creates a larger “no chew zone” around the seed and roots and improves emergence and seedling vigor. This results in stronger plants and higher yield.

PROTECTION TYPE
Insecticide

PESTS CONTROLLED
Rootworm larvae, Grape colaspis, Grubs, Root maggot, Seedcorn maggot, Wireworm, Armyworms, Cutworms

APPLICATION
Soil or Foliar

IMPROVED QUALITY OF SOYBEANS

Xyler™ FC
EPA Registration Pending

PROTECTION TYPE
Fungicide

DISEASES CONTROLLED
Pythium, Phytophthora

APPLICATION
Soil

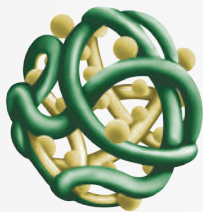

Xyler™ FC is a fertilizer-compatible metalaxyl formulation that controls important diseases in soybeans. Maximize yield and quality by controlling seed and root rots and seedling diseases to help your soybeans start strong and stay strong.

MAKING PROVEN PRODUCTS CUTTING EDGE

ALLOSPERSE® DELIVERY SYSTEM

Vive products contain the Allosperse Delivery System - revolutionary nanotechnology that creates new opportunities for farmers

- ✓ Allosperse “shuttles” carry the active ingredient to its target location and ensures products mix well
- ✓ Convenience in unexpected weather: Vive products stay in suspension better for even and hassle-free application
- ✓ No expensive equipment required
